

**1. Hunter and Trophy Original Oil Painting commission by Larry Zach** “I often get requests to do an original painting. Some of these requests include creating an original painting of a hunter and his or her trophy. In the past I have routinely turned these down, but now, in semi-retirement, ***I am offering the opportunity for just that, an original painting of a hunter/huntress and their hard earned trophy.***” The painting design will be a collaboration between the artist, Larry Zach, and the winning bidder. The better the quality of the reference photos the better the results possible. The original image size will be 18” x 24”. Framing will be included. The original painting shown here is my grandson, Beckett, then age 8 years old, with his first gobbler taken by crossbow in April of 2022. It was a hunt neither of us will ever forget, especially with an original piece of art to commemorate the event. I anticipate that the painting will pass down through the generations. This is your opportunity to own an original piece of art created especially for you and to pass on to your future generations.
